Our ref: 1473/BW/qm

To whom it may concern

Dear Landowner:

**NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN ENVIRONMENTAL LICENCING PROCESSES FOR THE PROPOSED TETRA4 CLUSTER 2 GAS PRODUCTION PROJECT NEAR VIRGINIA, IN THE MASILONYANA AND MATJHABENG LOCAL MUNICIPALITIES, FREE STATE PROVINCE.**

As a Landowner within the application area for the above-mentioned project, you are hereby notified of the following opportunity/ies for public participation:

<b>Description of event:</b>	<b>Invitation to a Landowner Open Day</b> (walk-in at your convenient time) <b>followed by Public Meeting</b>
<b>Where:</b>	Goldfields Game Ranch  8 Kilometres outside Virginia on the R730 Virginia (28°12'38.64"S; 26°49'8.07"E)
<b>When:</b>	Open Day: Wednesday <u>24 August 2022</u> from <u>10AM to 4PM</u>  Meeting: Wednesday <u>24 August 2022</u> from <u>5PM-7PM</u>

All inputs received by EIMS will be included in subsequent submissions to the Petroleum Agency SA (PASA) for consideration in their decision-making process.

I&AP registrations, or any queries, comments, or concerns with regards to this application, can be directed to EIMS at:

Contact Person: Qaphela Magaqa

EIMS Reference Number: 1473

Postal Address: P.O. Box 2083; Pinegowrie; 2123

Telephone: (011) 789 7170/ Fax: (086) 571 9047

E-mail: [tetracluster2@eims.co.za](mailto:tetracluster2@eims.co.za)

Please include the project reference number 1473 in all correspondence and don't hesitate to contact the undersigned if you have any queries or concerns.

Kind Regards,

Qaphela Magaqa

To whom it may concern

Dear Registered Interested and Affected Party:

**NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN ENVIRONMENTAL LICENCING PROCESSES FOR THE PROPOSED TETRA4 CLUSTER 2 GAS PRODUCTION PROJECT NEAR VIRGINIA, IN THE MASILONYANA AND MATJHABENG LOCAL MUNICIPALITIES, FREE STATE PROVINCE.**

As a registered Interested and Affected Party (I&AP) for the above-mentioned project, you are hereby notified of the following opportunity/ies for public participation:

<b>Description of event:</b>	<b>Invitation to a Public Open Day</b> (walk-in at your convenient time)
<b>Where:</b>	NG Virginia church 69 Highlands Ave, Virginia, 9431
<b>When:</b>	Thursday <u>25 August 2022</u> from <u>10AM to 5PM</u>

All inputs received by EIMS will be included in subsequent submissions to the Petroleum Agency SA (PASA) for consideration in their decision-making process.

I&AP registrations, or any queries, comments, or concerns with regards to this application, can be directed to EIMS at:

Contact Person: Qaphela Magaqa

EIMS Reference Number: 1473

Postal Address: P.O. Box 2083; Pinegowrie; 2123

Telephone: (011) 789 7170/ Fax: (086) 571 9047

E-mail: [tetracluster2@eims.co.za](mailto:tetracluster2@eims.co.za)

Please include the project reference number 1473 in all correspondence and don't hesitate to contact the undersigned if you have any queries or concerns.

Kind Regards,

Qaphela Magaqa

5 Augustus 2022

To whom it may concern

Dear Community Member:

**NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN ENVIRONMENTAL LICENCING PROCESSES FOR THE PROPOSED TETRA4 CLUSTER 2 GAS PRODUCTION PROJECT NEAR VIRGINIA, IN THE MASILONYANA AND MATJHABENG LOCAL MUNICIPALITIES, FREE STATE PROVINCE.**

As a Community Member within the application area for the above-mentioned project, you are hereby notified of the following opportunity/ies for public participation:

Description of event:	Invitation to a Community Focus Group Meetings
Where:	Stilte Community – School Hall
	Adamsonsvley Community – In the community grounds
When:	Stilte: Tuesday 23 August 2022 – 12AM to 2PM
	Adamsonsvley: Tuesday 23 August 2022 – 4PM to 6PM

All inputs received by EIMS will be included in subsequent submissions to the Petroleum Agency SA (PASA) for consideration in their decision-making process.

I&AP registrations, or any queries, comments, or concerns with regards to this application, can be directed to EIMS at:

Contact Person: Qaphela Magaqa

EIMS Reference Number: 1473

Postal Address: P.O. Box 2083; Pinegowrie; 2123

Telephone: (011) 789 7170/ Fax: (086) 571 9047

E-mail: [tetracluster2@eims.co.za](mailto:tetracluster2@eims.co.za)

Please include the project reference number 1473 in all correspondence and don't hesitate to contact the undersigned if you have any queries or concerns.

Kind Regards,

Qaphela Magaqa

Hi Thapelo,

As discussed, please find attached notification regarding the Community Focus Group Meeting. We would like to request that you notify community members of the Stilte Community Focus Group Meeting.

Secondly, we would like to book the hall for the 23<sup>rd</sup> August between 11am to 2:30pm for the meeting.

Please confirm receipt of this email and let us know when the hall booking has been done.

Have a good day.

Kind regards,

QAPHELA MAGAQA

		<b>MINUTES OF MEETING</b>	
EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT

## MEETING DETAILS

Meeting	1473 Community Focus Group Meeting		
Meeting Venue	Stilte Primary School Hall	Date	2022/08/23
		Time	12h00-14h00

A Community Focus Group was held at the Stilte Primary School during the public review period of the scoping report with Interested and Affected Parties (I&APs) ) – specifically with Community Members within the application area. The aim of the Community Focus Group was to consult with the members of the community within the proposed Tetra4 Project Area and to capture comments and/or concerns. Members of the Tetra4 team were also present during the meeting as observers and provided feedback as and where required.

Ms Jeanette Maila of EIMS introduced the EIMS team to the community in seSotho and explained the purpose of the meeting to all the attendees. Ms Maila stated that the purpose of the meeting was to present the planned project description, legal application procedure, impacts identified in the scoping phase and to capture comments and/or queries from the attendees. Ms Maila asked if the presentation could be delivered in English by Mr Brian Whitfield and all the attendees agreed. The meeting attendees were informed that should they have questions in seSotho and/or Afrikaans, they should feel free to ask in their preferred language. Mr Whitfield provided an overview of the project and application process to the community through the use of posters with specific emphasis of the proposed Cluster 2 project location and infrastructure, scoping impact assessment process, project team and project timeframes. All questions and comments that were raised by attendees were responded to in the specific I&AP’s preferred language.

All attendees were asked to sign the attendance register at the venue.

## DISCUSSION POINTS

Item
1. Project Description
2. Project team
3. Legal Application Process and Public Participation
4. Scoping Impact Assessment
5. Project Contact Details

## MINUTES

Item No	Item
1.	All attendees were informed that a hard copy of the Scoping Report was available at the venue, Background Information Documents (BIDs), Comment forms and registration forms. I&APs were also informed that all the documents were available on the EIMS website should they want to access them digitally.

## MINUTES OF MEETING

EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT
----------	------	--------------	-------------------------------

Item No	Item
	I&APs were encouraged to submit their comments and concerns through filling in the questionnaires provided. It was noted that all attendees who have provided their contact details would be registered by default on the I&AP database maintained by EIMS.
<b>2.</b>	<b>Questions and Answers</b>
<b>2.1</b>	<p><b><u>Mr Jacob Radebe</u></b></p> <p>Mr Radebe asked how their community would benefit economically and in terms of employment as the Stilte community is faced with high levels of unemployment.</p> <p>Mr Whitfield responded that Tetra4 has indicated that the project will create an unconfirmed number of job opportunities for both skilled and unskilled labourers. The number of job opportunities is to be higher during the 3 year planned construction period and would be less for the planned 20 years of operation.</p> <p>Mr Radebe stated that there are high levels of illiteracy in the Stilte community and majority of the residents cannot draft their own CVs, therefore asked if the residents will be assisted in any way or what selection procedure will Tetra4 be using to allow for possible employment.</p> <p>Ms de Hart from Tetra4 responded that Tetra4 will, during the application process, use a strategy they had previously used with the community where Tetra4 printed blank CVs for the members of the community to fill in their details as if it was a form and Tetra4 could collect from the community.</p>
<b>2.2</b>	<p><b><u>Mr Lwando Mbelebele</u></b></p> <p>Mr Mbelebele asked if individuals who do not have valid passports would be considered in the hiring process should the project commence.</p> <p>Ms de Hart stated that Tetra4 requires a recognisable form of Identification such as an identity document, passport or driver's license.</p> <p>Mr Mbelebele asked what would be done in the case of individuals with no Identity Documents.</p> <p>Mr Whitfield stated that the Department of Home Affairs was the relevant department to deal with matters of such nature and EIMS nor Tetra4 cannot assist in such instances. The community was reminded that the construction phase would only commence after March 2023 and therefore the relevant community members with no form of identification should use this time leading up to 2023 to try and obtain such documents.</p>
<b>2.4</b>	<p><b><u>Mr Paseka Togo</u></b></p> <p>Mr Togo stated that during Tetra4's selection there needs to be an even selection or appointment of labourers where people living in farms adjacent to Stilte are also considered.</p> <p>Ms de Hart responded that Tetra4 has recently appointed a community liaison specialist Mr Boitumelo Joy Alec, who was also present at the meeting. Ms de Hart stated that Mr Alec would be in touch with communities as well as occupiers of farms within the application area and would coordinate communication between Tetra4 and the communities. Mr Alec introduced himself to the community and handed out his contact details.</p>
<b>3</b>	<b>Closure</b>
<b>3.1</b>	The attendees were thanked for their comments and questions. All attendees were reminded that they can submit any additional comments to the project specific contact details provided for in the information

		<b>MINUTES OF MEETING</b>	
EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT

## MINUTES OF MEETING

EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT
----------	------	--------------	-------------------------------

Item No	Item
	I&APs were encouraged to submit their comments and concerns through filling in the questionnaires provided. It was noted that all attendees who have provided their contact details would be registered by default on the I&AP database maintained by EIMS.
<b>2.</b>	<b>Questions and Answers</b>
<b>2.1</b>	<p><b><u>Ms Maki Mwaya</u></b></p> <p>Ms Mwaya stated that Tetra4 is a gas producing company and that the project is an expansion project on the currently existing gas production activities, however, they do not have electricity for cooking purposes in the Adamsonvley community. Ms Mwaya asked if Tetra4 would be providing gas to the community for the purposes of cooking or any possible form of energy to enable them to cook.</p> <p>Mr Whitfield responded that EIMS has taken note of the question and requested that Tetra4 provide a response to the query.</p> <p>Mr Gerhard Muller from Tetra4 explained to the meeting attendees that the gas gathered by Tetra4 is not Liquid Petroleum Gas (LPG) which is typically used in gas cylinders to cook. Tetra4 collects Methane gas which is compressed and liquified to Liquid Natural Gas (LNG) and has different chemical properties to LPG and is therefore not ideally suited to small scale cooking appliances. The gas is typically used in industrial processes such as glass making.</p> <p>Ms Mwaya stated that Tetra4 has provided solar panels in the community for a few households, and some were left out.</p> <p>Mr Muller confirmed that the solar installation project by Tetra4 was still in progress and more solar panels were still to be delivered and installed at the community shortly.</p>
<b>2.2</b>	<p><b><u>Mr Aupa Mwaya</u></b></p> <p>Mr Mwaya stated that the road conditions in their area were bad and during rain events the roads get damaged such that access to their community is impacted.</p> <p>Mr Whitfield acknowledged that the comment has been captured and the matter would be taken up with Tetra4 to consider road maintenance as and where required by the project company.</p>
<b>2.3</b>	<p><b><u>Ms Nthabeleng Mwaya</u></b></p> <p>Ms Mwaya stated that they were eager to be part of the project, however stated that contractors and subcontractors are typically hired to carry out the work in such projects where they bring their own workers. Ms Mwaya asked if Tetra4 would be providing skills development and training to help equip the communities with the necessary skills needed for the members of the community.</p> <p>Mr Whitfield acknowledged that the comment had been captured and that while contractors and sub-contractors often have a certain staff complement, there would still be opportunities for semi-skilled and unskilled workers from the community to participate in the project whereby new skills would be gained through experience. The number of job opportunities is not however firm at this time and would be communicated to the community during the course of the project development.</p>
<b>2.5</b>	<p><b><u>Mr Aupa Mwaya</u></b></p> <p>Mr Mwaya stated that they were thankful for the potable water borehole that was previously supplied to their community by Tetra4, however they were experiencing issues with pumping the water from the borehole to the storage tank using a petrol powered pump and the fuel for operating the pump is</p>

		<b>MINUTES OF MEETING</b>	
EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT

Item No	Item
	<p>expensive while they struggle to fill up the tank. Mr Mwaya suggested that the community had an alternative to get water from the neighbouring farm's borehole however this would require a pipe to convey the water and deliver it to the tank in Adamsonvley, and would like to know if Tetra4 would be able to assist.</p> <p>Mr Whitfield acknowledged that the query was noted and would be discussed with Tetra4 and the affected landowner. Feedback would be provided once confirmed.</p>
<b>3</b>	<b>Closure</b>
<b>3.1</b>	The attendees were thanked for their comments and questions. All attendees were reminded that they can submit any additional comments to the project specific contact details provided for in the information handouts distributed during the meeting and comment sheets and asked to make sure that they have signed the attendance register.

EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT

## MEETING DETAILS

Meeting	<b>1473 Landowner Focus Group <del>Meeting</del> Open Day</b>		
Meeting Venue	Goldfields Game Ranch	Date	2022/08/24
		Time	10H00 - 16H00 <del>17H00 - 19H00</del>

A Landowner Focus Group open day was held at the Goldfields Game Ranch during the public review period of the scoping report. The invitation was extended to the affected and adjacent landowners. This session was aimed at consulting with landowners and to solicit comments, queries and concerns regarding the proposed Cluster 2 project. Posters and a PowerPoint presentation were available which provided a summary of the planned project location and description, legal application process, project team, various maps as well as preliminary impacts identified and assessed during the scoping phase. The Environmental Assessment Practitioner (EAP), Mr Brian Whitfield from EIMS, was available to attend to all questions and comments.

## DISCUSSION POINTS

Item
1. Focus Group open day made allowance for discussion around any queries that may be raised.

## MINUTES

Item No	Item
1.	<p>During the course of the Landowners Focus Group open day, one landowner attended and requested clarification on his property location as detailed in Item 2 below.</p> <p>A second landowner (represented by Mr Elmar Roberg and Ms Liesel du Toit of Africary) attended towards the end of the open day and indicated that questions would be posed during the formal meeting later in the day. Details of these questions are captured in the Landowner Focus Group Meeting minutes.</p>
2.	<b>Questions and Answers</b>
2.1	<p><b><u>Mr J van Huyssteen</u></b></p> <p>Mr Van Huyssteen asked where the proposed infrastructure would be.</p> <p>Utilising the cadastral map overlayed with the project area and infrastructure, Mr Whitfield described the proposed infrastructure and confirmed that Mr van Huyssteen's property fell outside of the application area and ~3 km from the nearest well/pipeline infrastructure.</p> <p>Mr Van Huyssteen expressed that he was grateful that no infrastructure would be located within his property and queried why he had been notified of the project.</p> <p>Mr Whitfield explained that the invitations were distributed to landowners whose properties were within and adjacent to the application area and while Mr Van Huyssteen's farm falls outside of the application area, he has been registered as a potential interested party.</p>

		<b>MINUTES OF MEETING</b>	
EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT

Item No	Item
<b>3</b>	<b>Closure</b>
<b>3.1</b>	The attendees were thanked for their comments and questions. All attendees were reminded that they can submit their comments on the project specific contact details provided for in the information handouts distributed during the meeting and comment sheets and asked to make sure that they have signed the attendance register.

## MEETING DETAILS

Meeting	<b>1473 Landowner Focus Group Meeting</b>		
Meeting Venue	Goldfields Game Ranch	Date	2022/08/24
		Time	17h00 - 19h00

A Landowner Focus Group meeting was held at the Goldfields Game Ranch during the public review period of the scoping report. The invitation was extended to the affected and adjacent landowners. This session was aimed at consulting with landowners and to solicit comments, queries and concerns regarding the proposed Cluster 2 project. The meeting which took place from 17h00 after the Landowner Focus Group open day.

All attendees were asked to sign the attendance register at the venue.

## DISCUSSION POINTS

Item
<b>1. Project Description</b>
<b>2. Project team</b>
<b>3. Legal Application Process and Public Participation</b>
<b>4. Scoping Impact Assessment</b>
<b>5. Project Contact Details</b>

## MINUTES

Item No	Item
1.	Mr Whitfield introduced EIMS as well as the Tetra4 personnel to the attendees, and explained the purpose of the meeting. Mr Whitfield indicated that should any attendees need translation into Afrikaans, Ms San-Marie Aucamp would be able to assist. Mr Whitfield proceeded with a PowerPoint presentation which highlighted the Applicant details, EAP and specialist team, Legal framework, EIA & Public participation process, Project location and description, Baseline studies, Alternatives, Preliminary impacts and Plan of study for EIA. A discussion followed the conclusion of the presentation as presented below.
2.	<b>Questions and Answers</b>
2.1	<p><b><u>Mr Johan Terblanche</u></b></p> <p>Mr Terblanche asked if the plant expansion will be located next to the currently existing cluster 1 plant or if it would be located in a separate area. Mr Terblanche asked which farm the proposed cluster 2 plant would be located on.</p>

## MINUTES OF MEETING

EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT
----------	------	--------------	-------------------------------

Item No	Item
	Mr Whitfield clarified that the proposed cluster 2 plant would be located within the Tetra4 owned farm (Mont Doornrivier 38, RE), and that the proposed Cluster 2 plant expansion would be further away from the R30 road behind the current existing plant.
<b>2.2</b>	<p><b><u>Mr Johan Prinsloo</u></b></p> <p>Mr Prinsloo stated that he is now a pensioner and had invested his entire life savings in purchasing and improving his property and that this game farm represents everything that he owns. Mr Prinsloo stated that a few years ago he attended some meetings with Mr Johan Brand (Africary) at a lawyers offices in Welkom and Mr Brand wanted to do fracking on the farm. Mr Prinsloo then with the assistance of lawyers managed to put the breaks on that plan. Subsequently, Tetra4 held a meeting in Theunissen at the Golf Club where Mr Prinsloo asked if Tetra4 is working hand in hand with Mr Johan Brand upon which Mr Nick Mitchell stated that there was no connection at all. Mr Prinsloo noted the presence of Mr Elmar Roberg at the Cluster 2 meeting and upon discovering that Mr Roberg works for Mr Johan Brand (Africary), he noted that the connection between Tetra4 and Mr Johan Brand seems incredibly close, and he voiced his suspicion in this regard.</p> <p>Mr Prinsloo concluded that his game farm is his entire life and would not allow unknown people to enter his farm that could endanger his safety and that of his family. Mr Prinsloo stated that he would not permit any access to his farm, and he did not wish to, not intend to discuss the matter further. Mr Prinsloo then left the meeting.</p> <p>It is recorded that Mr Johan Terblanche and Mr Gert Oosthuizen also left the meeting directly after Mr Prinsloo. Mr Oosthuizen did however provide written comments to EIMS on 30 August 2022 which are dealt with outside of these minutes.</p>
<b>2.3</b>	<p><b><u>Mr Elmar Roberg</u></b></p> <p>Mr Roberg queried whether further invasive processes or sampling/testing is required for the EIA which would require access to landowner properties and if this is what the farmers concerns were about.</p> <p>Mr Whitfield stated that no invasive sampling or testing is required for the EIA Phase assessment as the specialists have the required information they need and don't need to undertake invasive works however the landowners were likely more concerned about construction and operational work.</p> <p>Mr Nick Mitchell of Tetra4 stated that it is important to note that Tetra4 is currently authorised to carry on with some exploration wells under the Production Right approval but is not authorised for connection of the wells outside of the Cluster 1 approval area.</p>
<b>2.4</b>	<p><b><u>Mr Elmar Roberg</u></b></p> <p>Mr Roberg stated that he noted that the corridors that were being applied for authorisation caught his attention and interest as there seemingly is a "West wing" and "East wing" and would like to understand what has informed the selection of the corridors.</p> <p>Mr Mitchell responded that the selection of the corridors is based on subsurface geological information where known faults, fissures and dykes are targeted.</p>
<b>3</b>	<b>Closure</b>
<b>3.1</b>	The attendees were thanked for their comments and questions.

		<b>MINUTES OF MEETING</b>

		<b>MINUTES OF MEETING</b>	
EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT

## MEETING DETAILS

Meeting	1473 Public Open Day		
Meeting Venue	NG Virginia Kerk	Date	2022/08/25
		Time	10h00-17h00
An invitation to a Scoping Phase Public Open Day was distributed to all registered I&APs. The aim of the public open day was to provide anyone with interest in the project to walk in at their own leisure to discuss the project or seek clarification.			

## DISCUSSION POINTS

Item
1. Project Description
2. Project team
3. Legal Application Process and Public Participation
4. Scoping Impact Assessment
5. Project Contact Details

## MINUTES

Item No	Item
1.	<p>During the public open day which took place between 10h00 and 17h00, posters with the project description, scoping impact assessment, maps, project team and project timeframes were made available at the venue and were explained to all attendees by a representative of Environmental Impact Management Services (EIMS) Pty (Ltd). The Environmental Assessment Practitioner (EAP), Mr Brian Whitfield from EIMS was present to attend to all questions and comments that were raised by attendees. All attendees were asked to sign the attendance register at the venue.</p> <p>All attendees were shown the copy of the Scoping Report at the venue, Background Information Documents (BIDs), Comment forms and registration forms. I&amp;APs were also informed that all the documents were available on the EIMS website should they want to access them digitally.</p> <p>I&amp;APs were encouraged to submit their comments and concerns through filling in the questionnaires provided or alternatively EIMS would utilise the notes taken during the discussions. It was noted that all attendees who have provided their contact details would be registered by default on the I&amp;AP database maintained by EIMS.</p>
2.	<b>Questions and Answers</b>
2.1	<b><u>Masabata Mpuru</u></b>

## MINUTES OF MEETING

EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT
----------	------	--------------	-------------------------------

Item No	Item
	Ms Masabata stated that she understood the project and expressed that she is in support of the proposed project as it would likely provide job opportunities.
2.2	<p><b><u>Mojaki Ntuka and Xolile Hlanganiso</u></b></p> <p>After the posters were presented to Mr Ntuka and Mr Hlanganiso they stated that they have business interests in the project as they would like to offer their services to Tetra4. They asked how one can obtain a vendor number from Tetra4.</p> <p>Mr Whitfield stated that EIMS is not involved in the procurement processes as EIMS is an independent consultant responsible for the Environmental Application Process, however the Mr Ntuka and Mr Hlanganiso were advised to visit the Tetra4 website as Tetra4 has a vendor registration section on their website.</p>
2.3	<p><b><u>Samson Mokoena (Vaal Environmental Justice Alliance – VEJA)</u></b></p> <p>Mr Mokoena queried who the applicant for the project was between Renergen (Pty) Ltd and Tetra4 (Pty) Ltd.</p> <p>Mr Whitfield explained that the company Tetra4 (Pty) Ltd is a wholly owned subsidiary of Renergen (Pty) Ltd.</p> <p>Mr Mokoena asked if the event (open day) wasn't meant to be a formal community meeting with presentation.</p> <p>Mr Whitfield explained to Mr Mokoena that as per the notification that was distributed, the event was a public open day for the general public to attend at leisure, but that there were prior meetings specifically with landowners on the 24<sup>th</sup> August 2022 and community focus group meetings held at the Stilte and Adamsonvley community schools within the application area on the 23<sup>rd</sup> August.</p> <p>Mr Mokoena asked that he and his colleagues be excused as they wanted to visit the communities within the application area and they stated that they would return to the Public Open Day thereafter.</p>
2.4	<p><b><u>Jan Venter and Rina Venter</u></b></p> <p>Mr and Mrs Venter stated that the proposed project was interesting, and they stated that they were in full support of the project as it could potentially restore economic activities in Virginia as it is an old mining town and has recently been experiencing high levels of crime and declining property values. They further questioned if they could buy shares into Tetra4.</p> <p>Mr Whitfield responded that EIMS is an independent consulting company and therefore not associated directly with Tetra4, however Tetra4 is fully owned by a listed company (Renergen) and as they are a listed company, anyone who has such business interests can buy shares through the appropriate channels.</p>
2.5	<p><b><u>Sean Tsehle</u></b></p> <p>Mr Tsehle requested a quick overview of the project and asked if job opportunities would be provided.</p> <p>Following an overview of the project, EIMS explained to Mr Tsehle that Tetra4 has indicated that the project would provide limited job opportunities to semi-skilled and unskilled labourers from the surrounding areas during the 3 year planned construction phase and fewer opportunities for the duration of the project's operational period.</p>

## MINUTES OF MEETING

EIMS Ref	1473	Project Name	TETRA4 GAS PRODUCTION PROJECT
----------	------	--------------	-------------------------------

Item No	Item
2.6	<p><b><u>Samson Mokoena, Kenneth Matili, Tlabele Masike (Vaal Environmental Justice Alliance – VEJA) &amp; Makhotla Sefuli (Gold and Uranium Belt Impact Sensoring Organisation – GUBICO)</u></b></p> <p>Mr Mokoena, Mr Matili, Ms Masike and Mr Sefuli rejoined the open day following their excursion to the communities within the application area as well as the Cluster 1 Processing Plant area. Mr Mokoena again indicated that he was concerned that there was a lot of confusion as the applicant for this application is Tetra4 while the sign outside of the Processing Plant indicates “Renergen”.</p> <p>Mr Whitfield clarified that Tetra4 is a wholly owned subsidiary of Renergen as indicated in the Scoping Report.</p> <p>Mr Mokoena and his team indicated that they had spoken to some of the community members in the area who had stated that they had no access to clean drinking water and therefore had to travel to town to obtain water at considerable cost. Furthermore, some community members were renting housing on farms.</p> <p>Mr Whitfield acknowledged that there were challenges with some communities accessing basic services and noted that Tetra4 had recently completed a project to provide a potable water borehole and water tank within the Adamsonvlei community. It was however noted that the issue of communities paying rent on the farms was outside of the scope of this EIA.</p> <p>Mr Mokoena and his team further noted that many of the community members complained about access to electricity while Tetra4 has access to the Eskom grid and therefore should assist communities with electricity.</p> <p>Mr Whitfield along with Mr Boitumelo Alec of Tetra4 clarified that many of the communities do in fact have metered connections to the Eskom grid however the issue is that the communities claim the costs are too high for many of them to make use of Eskom power. Mr Alec further stated that Tetra4 was busy with a project to install photovoltaic (PV) panels at the Adamsonvlei Community to assist with lighting and that these forms of community upliftment could be expanded upon once further development of the gas field is realised. It was stressed that it is an iterative process and therefore could not be rolled out on a massive scale all at once.</p> <p>Mr Mokoena and his team stated that some of the community members that they had approached were not aware of the proposed Cluster 2 expansion project.</p> <p>Mr Whitfield and Ms Jeanette Maila of EIMS indicated that reasonable attempts were made to notify as many people as possible within the application area including the erection of 78 site notice boards within and surrounding the application area and requesting landowners identify occupiers within their farms for inclusion on the I&amp;AP database. There remained an obligation on any I&amp;AP’s to actively contact EIMS to ensure that they are added to the database for further notifications during the EIA process.</p>
3	<b>Closure</b>
3.1	The open day was concluded at 17H00.
