

Atlete se talent nie misgekyk

Liza-May Pieters

’n Liggaamlik gestremde atleet van die Vrystaat is benoem as nuweling van die jaar vir Suid-Afrika se jaarlikse sport-eerbewyse wat deur die departement van sport, kuns en kultuur toegeken word.

Dié spoggeleentheid het op Sondag 5 Mei in Johannesburg plaasgevind.

Dit is die eerste keer dat boccia-atlete benoem is. Karabo Morapedi (21) van Welkom is saam met sy spanmaat, die Kapenaar Elanza Jordaan, in dieselfde afdeling benoem. Hulle was benoemdes saam met die krieketspeler Gerald Coetzee en die rugbyspeler Manie Libbok, wat met die prys weggestap het.

Morapedi is serebraal gestremd en woon in Welkom. Hy het onlangs sy nasionale diploma in openbare bestuur aan die Sentrale Universiteit vir Tegnologie (SUT) se Welkom-kampus verwerf.

Hy sê hy hoop sy benoeming maak mense meer van die sportsoort boccia bewus.

“Boccia is amper soos rolbal, maar vir mense met fisieke gestremdhede,” sê Marisa Potgieter.

Potgieter is ’n boccia-afrigter en arbeidsterapeut by die Hoërskool Martie du Plessis in

Karabo Morapedi (21) van Welkom is saam met sy spanmaat, die Kapenaar Elanza Jordaan, in die afdeling vir nuweling van die jaar benoem vir Suid-Afrika se jaarlikse sport-eerbewyse, wat deur die departement van sport, kuns en kultuur toegeken word.

Bloemfontein.

“Die atlete wat boccia speel, is almal baie fisiek gestremd en permanent in ’n rolstoel.”

Die atlete moet almal in hul rolstoel speel. Baie van hulle het ’n helper wat hulle bystaan om die bal te beheer.

“Hulle het ook ’n toestel wat hulle help om die bal te gooi, want hulle het nie die vermoë om dit self te doen nie,” sê sy.

Die atlete speel met gekleurde balle en moet pro-

beer om die bal die naaste aan die wit bal te kry. Indien die speler die gekleurde bal nader aan die wit bal kry as sy teenstander, word ’n punt toegeken.

“Mense dink altyd boccia is maklik om te speel, maar dit is eintlik ’n ongelooflik strategiese spel,” sê Potgieter.

Morapedi sê hy is dankbaar dat hy aan boccia blootgestel is, want daar is baie min geleentheid vir mense met liggaamlike gestremdhede om aan sport deel te neem.

Hy sê boccia het hom ook al baie gehelp met sy geestesgesondheid.

Morapedi en Jordaan sal in Julie aan die boccia-wêreldbyeenkoms in Egipte deelneem.

Albei het vir die Paralimpiese Spele in Frankryk gekwalifiseer.

Reinet Barnard, ’n boccia-afrigter, is in die afdeling vir tegniese beampte van die jaar benoem, en die boccia-vrywilliger Zelma Basson as vrywilliger van die jaar.

Time trials results

The Harmony Striders time trial results for 24 April are:

4 km: Monyane Raliengoane 18:04, Reghardt Bester 21:24, Ewan Venter 27:36, Luzanne Venter 27:38, André Els 28:04, Lientjie Blom 30:52, Christa 31:20, Julie Opperman 33:19, Christine Els 33:19, Antoinette Bothma 38:30, Estelle Henrico 38:30, Yvonne Visagie 38:37, Twane Anderson 39:08, Peyton Anderson 39:08, Melinda Pretorius 39:55 and Natasha Roux 39:55.

8 km: Sabelo Kunene 34:53, Morné Nel 48:31, Clayton Anderson 48:35, Cornelius Visagie 49:41, Pierre Spurr 53:08, Jack Harms 54:35, Bernie de Costa 55:30, Nico Dicks 55:30, Johan Pretorius 58:43 and Rina Nel 61:11.

■ Three Harmony Striders took part in the Lemo Mall Mangaung Marathon in Bloemfontein on 4May.

Charmaine Nortier and Justice Shellee ran the 42,2 km race and Amelia du Plessis ran the 21,1 km race.

■ Two Harmony Striders, Estelle Henrico (10 km) and Potlako Sekokotana (50 km), took part in the N12 race in Klerksdorp on 4 May.

■ Harmony Striders, in collaboration with Engen, will be hosting the Engen Toy Run on 18 May. The distances are 5 km, 10 km and 21,1 km.

The start is at 14:00, from the Welkom clock tower.

Enquiries can be directed to Rina Nel on 071-682-6615.

NOTIFICATION REGARDING THE OPPORTUNITY TO PARTICIPATE IN THE PART II ENVIRONMENTAL AUTHORISATION AMENDMENT PROCESS FOR THE MOTUOANE HENNENMAN EXPLORATION RIGHT, IN THE LEJWELEPUTSWA AND FEZILE DABI DISTRICT MUNICIPALITIES, FREE STATE PROVINCE, SOUTH AFRICA.

Motuoane Energy (Pty) Ltd (Motuoane) (hereafter referred to as the applicant) has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Independent Environmental Assessment Practitioner (EAP) to assist with undertaking the required assessment and authorisation processes (including the statutory public participation), and to compile and submit the required documentation in support of application for: A Part 2 Amendment to the existing Environmental Authorisation (EA) in accordance with Regulation 31 of the National Environmental Management Act (Act 107 of 1998) (NEMA), Environmental Impact Assessment (EIA) Regulations, 2014 as amended.

Motuoane is the holder of an exploration right for hydrocarbons, issued in terms of the Mineral and Petroleum Resources Development Act (Act 28 of 2002 – MPRDA, as amended). The approved exploration right is located over an area of approximately 149 377 hectares (ha), covering various farms near the town of Hennenman, within the Free State Province, extending north from approximately Theunissen, north east towards Kroonstad, and east of Virginia and Hennenman. An Environmental Authorisation in terms of the NEMA was issued to Motuoane for the exploration activities in July 2017 (ref: 12/3/315). The EA only made provision for three (3) drilling wells, and it did not include any seismic surveying. The applicant proposes to undertake an additional ten (10) new exploration boreholes, acquire ground based seismic surveys (~25km of new seismic transects) and update the Environmental Management Programme (EMPr) accordingly. An EA Amendment process has been initiated. The existing EA authorises the following listed activities: Listing Notice 1, Activity 27; Listing Notice 2, Activity 18; and Listing Notice 3, Activity 12. All of the proposed additional activities fall within the existing approved Exploration Right area and EA extent. There will be no additional areas or petroleum resources added to the exploration right. Considering that the original EIA did not include the assessment of impacts associated with seismic surveys or the extent of the planned additional drilling wells, a Part 2 amendment process is required as stipulated in Regulation 31 of NEMA EIA Regulations, 2014 as amended. The following properties are expected to be directly affected by the proposed new boreholes and initial seismic transects: Kriegers Kraal Farm 708 (Remainder of 708 and portion 1), Palmiet Fontein Farm 229 (Remainder of 229 and portions 2, 3, 4 and 5), Detente Farm 744 (Remainder of 744 and portions 1, 2 and 3), Nootgedacht Farm 245 (Remainder of 245), and Erfenis Farm 328, within the Matjhabeng and Masilonyana Local Municipalities, Free State Province. The site is approximately 14km southeast of Virginia. The centre point of the site is approximately -28.218935°S, 26.940885°E.

EIMS will be following the procedures defined in the EIA Regulations (GRN982 of 2014, as amended) for undertaking a Part 2 Amendment process. In accordance with Chapter 6 of the EIA Regulations, a public participation process will be undertaken. You are hereby invited to register and comment on the proposed project and application/s. In order to ensure that you are identified and registered as an I&AP and that your comments are captured, please submit your name, contact details, the reason for your interest, in writing or telephonically, to EIMS. Please note that only registered I&AP's will be informed of future project information and opportunities for participation. By registering as an interested and affected party you consent to the collection and processing of your personal information as per the EIMS Privacy Notice available at www.eims.co.za/public-participation/. In order to avoid missing out on opportunities for public participation please submit I&AP registrations, or any queries, comments, or concerns with regards to this application, as soon as possible to EIMS. Further information will be available at www.eims.co.za/public-participation/. Please note that in the event that you are unable to access the website due to data constraints please contact EIMS for alternative arrangements.

You are hereby notified of the public meeting indicated below.

KENNISGEWING MET BETREKKING TOT DIE GELEENTHEID OM DEEL TE NEEM AAN DEEL II-OMGEWINGSMAGTIGING-WYSIGINGSPROSES VIR DIE MOTUOANE HENNENMAN-EKSPLORASIEREG, IN DIE LEJWELEPUTSWA- EN FEZILE DABI-DISTRIKSMUNISIPALITEIT, VRYSTAATPROVINSIE, SUID-AFRIKA.

Motuoane Energy (Pty) Ltd (Motuoane) (hierna verwys as die applikant) het Environmental Impact Management Services (Pty) Ltd (EIMS) aangewys as die onafhanklike omgewingsevalueringspraktisyn (EAP) om te help met die uitvoering van die vereiste assesserings- en magtigingsprosesse (insluitend die statutêre openbare deelname), en om die vereiste dokumentasie saam te stel en in te dien ter ondersteuning van aansoek om: 'n Deel 2-wysiging aan die bestaande Omgewingsmagtiging (OM) in ooreenstemming met Regulasie 31 van die Wet op Nasionale Omgewingsbestuur (Wet 107 van 1998) (NEMA), Omgewingsimpakkepalping (OIB) Regulasies, 2014 soos gewysig.

Motuoane is die houer van 'n eksplorasierieg vir koolwaterstowwe, uitgereik ingevolge die Wet op die Ontwikkeling van Minerale en Petroleumhulpbronne (Wet 28 van 2002 – MPRDA, soos gewysig). Die goedgekeurde eksplorasierieg is geleë oor 'n gebied van ongeveer 149 377 hektaar (ha), wat verskeie plase dek naby die dorp Hennenman, binne die Vrystaat-provinsie, wat noordwaarts strek vanaf ongeveer Theunissen, in noordoostelike rigting na Kroonstad, en ooswaarts van Virginia en Hennenman. 'n Omgewingsmagtiging ingevolge die NEMA is aan Motuoane uitgereik vir die eksplorasie-aktiwiteite in Julie 2017 (verwys: 12/3/315). Die OM het slegs voorsiening gemaak vir drie (3) boorgate, en dit het geen seismiese opnames ingesluit nie. Die aansoeker stel voor om tien (10) addisionele eksplorasieboorgate te onderneem, grondgebaseerde seismiese opnames (~25km van nuwe seismiese transekte) uit te voer, en die Omgewingsbestuurs Program (EMPr) dienoreenkomstig op te dateer. 'n OM-wysigingsproses is begin. Die bestaande OM magtig die volgende gelyste aktiwiteite: Lysinskrywingkennisgewing 1, aktiwiteit 27; Lysinskrywingkennisgewing 2, aktiwiteit 18; en Lysinskrywingkennisgewing 3, aktiwiteit 12. Al die voorgestelde bykomende aktiwiteite val binne die bestaande goedgekeurde eksplorasierieggebied en OM-omvang. Daar sal geen bykomende gebiede of petroleumhulpbronne by die eksplorasierieg gevoeg word nie. Aangesien die oorspronklike OIB nie die assessering van impakte wat met seismiese opnames of die omvang van die beplande bykomende boorgate geassosieer is, ingesluit het nie, word 'n deel 2-wysigingsproses vereis soos uiteengesit in Regulasie 31 van NEMA OIB-regulasies, 2014, soos gewysig. Die volgende eiendomme sal na verwagting direk deur die voorgestelde nuwe boorgate en aanvanklike seismiese transekte geraak word: Kriegers Kraal Plaas 708 (res van 708 en gedeelte 1), Palmiet Fontein Plaas 229 (res van 229 en gedeeltes 2, 3, 4 en 5), Detente Plaas 744 (res van 744 en gedeeltes 1, 2 en 3), Nootgedacht Plaas 245 (res van 245), en Erfenis Plaas 328, binne die Matjhabeng- en Masilonyana-plaaslike munisipaliteite, Vrystaatprovinsie. Die terrein is ongeveer 14 km suidoos van Virginia. Die middelpunt van die terrein is ongeveer -28.218935°S, 26.940885°E.

EIMS sal die prosedures volg soos omskryf in die OIB-regulasies (GRN982 van 2014, soos gewysig) vir die uitvoering van 'n Deel 2-wysigingsproses. 'n Openbare deelnameproses sal in ooreenstemming met hoofstuk 6 van die OIB-regulasies uitgevoer word. U word hiermee genooi om te registreer en kommentaar te lewer op die voorgestelde projek en aansoek(e). Om te verseker dat u geïdentifiseer en geregistreer is as 'n B&GP en dat u kommentaar vasgelê word, moet u asseblief u naam, kontakbesonderhede, en die rede vir u belangstelling skriftelik of telefonies by EIMS indien. Neem asseblief kennis dat slegs geregistreerde B&GP's ingelig sal word oor toekomstige projekinligting en geleenthede vir deelname.

Deur te registreer as 'n belanghebbende en geaffekteerde party stem u in tot die versameling en verwerking van u persoonlike inligting ingevolge die EIMS se privaatheidskennisgewing wat by www.eims.co.za/public-participation/ beskikbaar is. Om te verhoed dat u geleenthede vir openbare deelname misloop, moet u asseblief B&GP-registrasies, of enige navrae, kommentaar of bekommernisse met betrekking tot hierdie aansoek, so gou moontlik by EIMS in. Verdere inligting sal beskikbaar wees by www.eims.co.za/public-participation/. Let asseblief daarop dat indien u weens databeperkings nie toegang tot die webwerf kan kry nie, u EIMS vir alternatiewe reëlings kan kontak.

Jy word in kennis gestel van die openbare vergadering wat aan die linkerkant aangedui word.
