LAND CLAIMS ENQUIRY - PORTION 391 (REMAINING EXTENT) OF THE FARM ZUURFONTEIN 33, REG DIV IR, GAUTENG We refer to your land claim enquiry dated 04 March 2024. We confirm that there is/are an existing land claims against the Property/ies. The claims were lodged as per attached list. The claim was lodged in terms of the Restitution of Land Rights Amendment Act, 2014 (Act No 15 of 2014) ("the Amendment Act") which, amongst others, reopened the lodgement of claims for a period of five years. The validity of the Amendment Act was challenged in the Constitutional Court. The Constitutional Court found the Amendment Act to be invalid because of the failure of Parliament to facilitate public involvement as required by the Constitution. The Amendment Act ceased to be law on 28 July 2016. The Constitutional Court ordered that the claims that were lodged between 1 July 2014 and 27 July 2016 are validly lodged, but it interdicted the Commission from processing those claims until the Commission has finalised the claims lodged by 31 December 1998 or until Parliament passes a new law providing for the re-opening of lodgement of land claims, Parliament was given until 27 July 2018 to pass such a law. Parliament has so far not been able to pass new legislation and has instead approached the Constitutional Court for an extension until 29 March 2019 and the application was rejected. As a result the Commission will, unless directed otherwise by Constitutional Court, not be processing claims lodged between 1 July 2014 until 27 July 2016 until all the claims lodged on or before 31st December 1998 are finalised and or a new Act is passed by Parliament and signed into law by the President. In the meantime, the Commission through the Chief Land Claims Commissioner has been ordered to report the progress of all the outstanding land claims on six months basis for monitoring by the court. The Commission will contact you directly and communicate widely once we have been granted permission to begin dealing with these claims.

EIMS noted the Land Claims Enquiry response letter from DALRRD.

| Comment | Good day Please note that the whole farm with its portions is under claim. The claims were submitted by different claimants. The exact portion will only be determined during the investigation of the claim, which the Commission is currently interdicted by the Constitutional Court judgement not to work on the claims that were lodged between 2014 and 2016 as stated in the letter that was given to you. With regard to your request for a map, our office does not keep maps, we only deal with land claims. If our land claim researchers need maps, they contact on of the branches that are dealing with maps within the department Regards | | |
| Response | Good day, Thank you for your feedback. Given the limitations in determining the exact farm portion, we would like to kindly request the contact information of the land claimants indicated in the letter to facilitate direct communication regarding the ongoing project. If obtaining this information isn't feasible, would you be willing to receive the project details from us and relay them to all identified land claimants on our behalf? | | |

Dear Sir/Madam, I am a recent graduate in mechanical engineering from University of Johannesburg, and I am looking for a 3 months vacation work position to help me fully complete my degree. I would greatly appreciate any assistance you can provide in helping me find a position that will utilize my skills and theory part of my studies. I am confident that I have the necessary skills and abilities to be a valuable asset to any organization. Thank you for your time and consideration. Please see the attached CV, & WIL Letter below. Yours Sincerely,

Response

Good day, Thank you for your email. Kindly note that EIMS has been appointed as independent Environmental Consultants to undertake the necessary environmental authorisation processes. The aim of our involvement is to acquire input/solicit comment from the public regarding the environmental application and as such have no involvement in Kelvin Power’s hiring processes. This email also serves to inform you that you have been registered as an Interested and Affected Party (I&AP) for this project for further communications regarding this project. Please feel free to contact EIMS should you have any comments/queries regarding the proposed Kelvin Power Station CCGT project.
