HOW POLITICS 'CAUGHT' CONTROVERSIAL FADIEL ADAMS BY ACCIDENT

PRESIDENT of the National Coloured Congress (NCC), Fadiel Adams, said his party's top five priorities, should it be voted to power in the May 29 elections, will be employment, crime, education, health and land restitution.

"We are here for the return of coloureds to their homes, the land where they were evicted. We are here for land restitution," he said.

"We want a guarantee in the new South Africa that a coloured child too has a place in the sun. We want to be included in every sphere of government," said Adams in an interview with the Cape Times as part of a series of stories featuring premier candidates of various parties.

Although the NCC has not named him as a premier candidate, Adams said: "We are not thinking of announcing a premier candidate, but I am the face of the party."

Adams described himself as "a child

from a multi-racial, cultural family".

He has no qualms about calling himself a school drop-out having been expelled while in matric.

"I am an artisan, a father, an entrepreneur and a community activist who loves fairness and justice above all," he said.

Adams, who hails from Lavender Hills, said he was lucky that he was not a statistic due to gangsterism and drugs in the community where he grew up. "I managed to claw my way out," said Adams, a former drug addict and gangster. "I have been clean from drugs for 18 years now."

Adams explained he was drawn into politics by accident after an interview he gave outside the Mitchells Plain court gained viral attention on social media because of controversial remarks he made about people from the Eastern Cape in the Western Cape.

"That 60-second interview went viral. When we were done, we decided to open a political. No planning was involved, we just formed the party," he

said. "It was not popular but it resonated with the people."

The Equality Court found his posts on social media were racially offensive when he referred to City of Cape Town manager Lungelo Mbandazayo as being "from Eastern Cape."

He has since apologised. "I have respect for the courts," Adams said.

He said he started the NCC without any money.

"I am the only person, perhaps, in the country that started a political party without belonging to a political party. I started the party with no money. The party registration was paid for by the members."

Adams stated that during both the 2021 local government elections and the upcoming 2024 provincial and national elections, NCC members personally contributed funds to ensure the party's presence on the ballot.

The party will be among the 29 contesting seats in the Western Cape, 35 contesting province to national list

and 52 in the national to national list.

The NCC is fielding 13 candidates on each of the ballot papers for Western Cape legislature and the two lists to Parliament.

Adams said his party was aiming to obtain at least five or six seats in the Western Cape provincial legislature and three or four in Parliament.

"For a party with no money, it is a big deal but it is attainable. We feel it can be done."

Adams said they had approached the 2021 local government elections as underdogs but came out with seats in two municipalities.

NCC has seven seats in the City of Cape Town and one at Saldanha Bay Municipality.

"We have heard that you need R1 million to spend in order to get a seat. Here we are we are the fourth biggest party in the City of Cape Town. We came out with eight seats," he said.

Adams said they were unfazed by a lack of publicity due or lack of resources. "We have nothing. We don't have

posters, sweaters and food parcels. We campaign on facts and the work we do.

"They (other political parties) come to hand out food to feed communities and write off their municipal debts and connect water. It is our everyday work we have been doing. We are in the streets everyday."

Adams said he stood up to the DA following theft and corruption allegations in connection with R500 million emergency tender for repairing staircases on council flats.

"We laid criminal charges and eight people are in court. No party can claim to have done that against the DA, which speaks of itself as presiding on clean audits. We have exposed them as liars," he said.

"Our party stands for coloureds who are systematically abused by the government. We are directing all our efforts and resources towards the coloured community," he said.

Adams said the coloured community has for far too long not had a voice of its own.

"The coloureds never had a formation that stands up for it," he said.

He listed some of the party's campaigns, including pushing for coloured people to be among the first to be considered for low-cost houses, "shutting down" when services are not provided and closing businesses that don't hire coloured people.

Adams said his party has been well-received by the community.

"Coloureds are loving the party, but there is no such thing as one party loved by all," he said pointing out that President Cyril Ramaphosa was not liked by all.

Adams added that while they were doing well on their campaign, it was their goal to see the voice of the coloured community being taken seriously and things could not be left to the ANC and the DA to take up their issues.

"They speak about coloured but they have no idea about our lived reality," he said, adding that skewed black economic empowerment was a disadvantage to his constituency.

Ongeluk sluit Vanrhynspas

Berig: Simoné Smit

VANRHYNSDORP: 'n Ongeluk tussen twee swaarvoertuie het Donderdag-aand, 11 April daartoe aanleiding gegee dat Vanrhynspas gesluit was. Albei trokke was vanaf Nieuwoudtville in die rigting van Vanrhynsdorp onderweg toe die ongeluk omstreeks 19:45 plaasgevind het. Die voorste trok se bestuurder het ongedeerd die toneel verlaat terwyl die agterste trok se bestuurder aan sy beserings beswyk het. Kaptein Gerrit Ludick van Vanrhynsdorp SAPD het meer inligting oor die ongeluk verskaf. "Vanrhynsdorp SAPD was spoedig op die toneel. Klaarblyklik het die een trok van agteraf teen die voorste trok gebots. Beide trokke het swaar vragte klip vervoer. Die bestuurder van die agterste trok het vermoedelik beheer verloor en teen die voorste trok gebots. Die 42-jarige bestuurder van Kuruman het veelvuldige beserings opgedoen. Hy is uit die wrak verwyder, maar het egter minute later in die ambulans aan sy beserings beswyk. Die ander vragmotorbestuurder was ongedeerd," verduidelik Ludick. Een van die trokke het dwars in die pad tot stilstand gekom. Dít en forensiese ontleding was die grootste redes waarom die pas vir so lank gesluit was. Daar was 'n groot opeenhoping van verkeer in beide rigtings en motoriste is aangeraai om alternatiewe roetes te gebruik. Die pas is op Vrydag, 12 April om 12:40 weer oopgestel vir verkeer. Die pas het

swaar verkeer gedra met talle opont-houde tot groot frustrasie van padgebruikers. Ludick vertel dat daar die afgelope paar maande, sedert Januarie 2024, kontrakteurs besig is met padwerke op die Vanrhynspas en daar het nou al 'n paar ongelukke plaasgevind sedert hulle daar begin werk het. "Die owerhede maan padgebruikers, en in besonder vragmotorbestuurder, om meer versigtig te bestuur tydens die herstelwerk aan die pas," sê Ludick. Daar is 'n saak van strafbare manslag geopen en die omstandighede van die ongeluk word ondersoek deur speurder adjudant-offisier Willemse. Die SAPD versoek enige persoon met nuwe inligting om haar te kontak by 079 894 1667.

Roof in Vredendal-Noord neem toe

Berig: Adjudant-offisier Jannie Louw

VREDENDAL-NOORD: Die pas afgelope week is daar nie minder as sewe verskillende voorvalle van roof aangemeld in Vredendal-Noord. In die eerste voorval is 'n jeugdige se selfoon afgevat op pad winkel toe. 'n Dame se juweliersware is ook geroof by Jakkerland nadat sy agtervolg is vanaf die Taverne. In Polla Park het twee baie verwaande rowers by 'n huis se deur geskree dat hulle polisie is en toe die deur afgetrap. Die twee het met pangas die huiseienaar beroof van selfone, kontant en klerre. In die laaste vier voorvalle het rowers

hulle gunsteling wapens, 'n panga en Okapi's gebruik. Meeste van die tyd vind dit na donker plaas en alleenlopende persone word geteiken. Deurgaans word die slagoffers gedreig of gesteek met die wapens. In alle gevalle word die slagoffers se selfone geroof. SAPD Vredendal het alreeds verskeie arrestasies uitgevoer en die sake geniet die volle aandag van die speurders. Die lede van die publiek word versoek om versigtiger te wees as hulle alleen in donker strate beweeg en op die uitkyk te wees vir verdagte persone.

Noodlottige ongeluk te Voortrekkerstraat

Berig: Adjudant-offisier Jannie Louw

VREDENDAL: Die Vredendal SAPD is op Vrydag, 12 April omstreeks 19:50 ontbied na 'n ongelukstoneel naby Namaqua Wines in Vredendal. Na bewering het 'n motoris vanaf Vredendal-Noord gery in die rigting van die dorp. Die pad na die spoorwegkruising maak 'n effense draai na links en dit was na bewering al skemer. Die bestuurder van die voertuig beweer dat hy 'n winkeltrolle in die pad getref het. Na bewering was die trolle aan die verkeerde kant van die pad. Nadat die voertuig tot stilstand gekom het, is die liggaam

van 'n 44-jarige man teen die kant van die pad aangetref. Hy is kort daarna deur die nooddienste dood verklaar. Die ondersoek duur voort.

Ons Kontrei het in die uitgawe van 12 April 'n berig geplaas oor 'n besigheidsroof wat in Lutzville plaasgevind het. Dit was 'n ou berig van 2021 en is verkeerdelik geplaas. Ons vra verskoning vir enige ongerief.

KENNISGEWING: OMGEWINGSMAGTIGING AANSOEKPROSES

Searcher Geodata UK Ltd (hierna na verwys as die aansoeker Searcher) het onlangs 'n 3D seismiese opname aan die kus van die Weskus van Suid-Afrika onderneem as deel van die verkenningspermit 12/1/043. Searcher was not able to complete the intended survey during the 2023-2024 season, due to the viable acquisition windows and vessel availability. Searcher has consequently applied for a new Reconnaissance Permit over the same area. A new Environmental Authorisation will be required in order for Searcher to continue under a new Reconnaissance Permit.

Searcher has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Environmental Assessment Practitioner (EAP) to assist with undertaking the required authorisation processes (including the statutory public participation)

Consumers can expect a rise in the petrol price in May and a decrease in the price of diesel.

Expected May fuel prices

Mid-month data from the Central Energy Fund (CEF) shows motorists can expect much the same fuel price change in May, as seen in April.

Prices are lining up for a fourth consecutive hike next month.

As in April, petrol prices are currently showing an under-recovery of around 30c a litre,

Diesel is, however, showing the opposite – an over-recovery of around 28c a litre – pointing to a price cut.

These are the expected changes:

- Petrol 93: increase of 30c a litre
- Petrol 95: increase of 31c a litre
- Diesel 0,05% (wholesale): decrease of 26c a litre
- Diesel 0,005% (wholesale): decrease of 31c a litre
- Illuminating paraffin:

decrease of 19c a litre The CEF does not present daily snapshot data for LP Gas.

The Department of Mineral Resources and Energy (DMRE) has noted its daily snapshots are not predictive and do not encompass other possible modifications, such as slate-levy adjustments or retail-margin changes.

It determines these adjustments, considering various factors, at the end of the month.

Domestic fuel costs are primarily governed by the rand/dollar exchange rate and international oil prices.

In South Africa the fuel price is adjusted on the first Wednesday of every month based on these two factors.

For May, oil prices are again the main culprit behind the under-recovery in petrol, while the relatively stronger rand is helping to take the edge off.

KENNISGEWING: OMGEWINGSMAGTINGAANSOEKPROSES
