Our ref: 1764/QM/mts

DFFE Ref: 14/12/16/3/3/1/2754

To whom it may concern

Dear Sir or Madam:

NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN THE ENVIRONMENTAL AUTHORISATION AMENDMENT APPLICATION PROCESS FOR THE PROPOSED TETRA4 POWERLINE PART 2 AMENDMENT PROJECT, IN THE MATJHABENG LOCAL MUNICIPALITY, FREE STATE PROVINCE, SOUTH AFRICA.

Tetra4 (Pty) Ltd (hereafter referred to as the applicant) has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Environmental Assessment Practitioner (EAP) to assist with undertaking an Environmental Authorisation (EA) amendment process in terms of the National Environmental Management Act (Act 107 of 1998). This process will include the updating of the Environmental Management Programme (EMPr) and incorporation of relevant specialist inputs. You are hereby notified of the Applicant's intent to submit an application to amend the existing EA and are invited to register as an Interested and Affected Party (I&AP).

The existing Environmental Authorisation (Ref: 14/12/16/3/3/1/2754) provides for a 132 kV dual loop-in-loop-out overhead powerline of approximately 5.5 km in length and a 33 kV overhead powerline of approximately 1 km in length. The forthcoming amendment application will seek approval for amendments to the authorised powerline alignments and associated infrastructure layout, informed by the final design process, servitude agreements, and micro-siting requirements. The amendment will also include the update of the EMPr to incorporate site-specific mitigation measures identified during specialist studies and walkdowns, including a heritage walkdown undertaken along the powerline servitude.

No additional listed activities are anticipated to be triggered, and no amendment to a Water Use Licence is required.

The authorised Tetra4 Powerline Project is located within the Matjhabeng Local Municipality, Free State Province. The 132 kV powerline traverses the farms Mond van Doornrivier 38 (RE), Kalkoenkrans 225 (RE, Portions 1 and 2), and Alex Glen Ross 562 (RE, Portions, 3, 4, 5, 8), generally running parallel to the R30. The 33 kV powerline is located on Palmietkuil 328 (6), and the site is situated approximately 11 km from Virginia at its nearest point. The centre point of the site is 28° 8'41.31"S; 26°44'8.66"E. Please refer to attached project locality map.

This notification represents the initial phase of the public participation process. Interested and Affected Parties are invited to register and to submit any preliminary comments or concerns for consideration as part of the amendment process. All registered I&APs will be notified once the Amendment Report and updated EMPr are available for formal review and comment in accordance with the procedures defined in the Environmental Impact Assessment (EIA) Regulations (GRN982 of 2014, as amended).

By registering as an interested and affected party you consent to the collection and processing of your personal information as per the EIMS Privacy Notice available at www.eims.co.za/public-participation. In order to avoid missing out on opportunities for public participation please submit I&AP registrations as soon as possible to EIMS at:

E-mail: tetra4powerline@eims.co.za

Please include the project reference number **1764** in all correspondence.

Further information will be available at www.eims.co.za/public-participation/. Please note that in the event that you are unable to access the website due to data constraints please contact EIMS for alternative arrangements.

Please feel free to contact the undersigned if you have any queries or concerns.

Kind Regards,

EIMS Public Participation Team

30 Julie 2026

Ons verwysing: 1764/QM/mts

DFFE Verwysing: 14/12/16/3/3/1/2754

Aan wie dit mag aangaan

Geagte Meneer of Mevrouw:

KENNISGEWING OOR GELEENTHEID OM DEEL TE NEEM AAN DIE AANSOEKPROSES VIR OMGEWINGSMAGTIGINGWYSIGING VIR DIE VOORGESTELDE TETRA4 KRAGLYN DEEL 2 WYSIGINGSPROJEK, IN DIE MATJHABENG PLAASLIKE MUNISIPALITEIT, VRYSTAATPROVINSIE, SUID-AFRIKA.

Tetra4 (Pty) Ltd (hierna verwys as die aansoeker) het Environmental Impact Management Services (Pty) Ltd (EIMS) as die Omgewingsassesseringspraktisyn (EAP) aangestel om te help met die uitvoering van 'n Omgewingsmagtiging (EA) wysigingsproses ingevolge die National Environmental Management Act (Wet 107 van 1998). Hierdie proses sal die opdatering van die Omgewingsbestuursprogram (EMPr) en die insluiting van relevante spesialisinsette insluit. U word hiermee in kennis gestel van die Aansoeker se voorneme om 'n aansoek in te dien om die bestaande EA te wysig en word uitgenooi om as 'n Belangstellende en Geraakte Party (I&AP) te registreer.

Die bestaande Omgewingsmagtiging (Verwysing: 14/12/16/3/3/1/2754) voorsien in 'n 132 kV dubbele lus-in-lus-uit bokraglyn van ongeveer 5,5 km lank en 'n 33 kV bokraglyn van ongeveer 1 km lank. Die komende wysigingsaansoek sal goedkeuring soek vir wysigings aan die gemagtigde kraglyn-uitlijnings en gepaardgaande infrastruktuuruitleg, ingelig deur die finale ontwerpproses, diensbaarheidsooreenkomste en mikro-posisievereistes. Die wysiging sal ook die opdatering van die EMPr insluit om terreinspesifieke mitigasiemaatreëls wat tydens spesialisstudies en wandelings geïdentifiseer is, in te sluit, insluitend 'n erfeniswandering wat langs die kraglyn-servitude uitgevoer is.

Geen addisionele gelysde aktiwiteite word verwag om geaktiveer te word nie, en geen wysiging aan 'n Watergebruiklisensie is nodig nie.

Die gemagtigde Tetra4 Kraglynprojek is geleë binne die Matjhabeng Plaaslike Munisipaliteit, Vrystaatprovinsie. Die 132 kV kraglyn loop oor die plase Mond van Doornrivier 38 (RE), Kalkoenkrans 225 (RE, Gedeeltes 1 en 2), en Alex Glen Ross 562 (RE, Gedeeltes, 3 4, 5, 8), en loop gewoonlik parallel aan die R30. Die 33 kV kraglyn is geleë op Palmietkuil 328 (6), en die terrein is ongeveer 11 km van Virginia af op die naaste punt. Die middelpunt van die terrein is 28° 8'41.31"S; 26°44'8.66"O. Verwys asseblief na die aangehegte projek se lokaliteitskaart.

Hierdie kennisgewing verteenwoordig die aanvanklike fase van die openbare deelnameproses. Belangstellendes en Geraakte Partye word uitgenooi om te registreer en enige voorlopige kommentaar of bekommernisse in te dien vir oorweging as deel van die wysigingsproses. Alle geregistreerde I&AP's sal in kennis gestel word sodra die Wysigingsverslag en opgedateerde EMPr beskikbaar is vir formele hersiening en kommentaar in ooreenstemming met die prosedures soos uiteengesit in die Omgewingsimpakassesseringsregulasies (GRN982 van 2014, soos gewysig).

Deur as 'n belanghebbende en geraakte party te registreer, stem jy in tot die insameling en verwerking van jou persoonlike inligting volgens die EIMS Privaatheidskennisgewing beskikbaar by www.eims.co.za/public-participation. Om te voorkom dat jy geleenthede vir openbare deelname misloop, dien asseblief I&AP-registrasies so gou moontlik by EIMS in by:

Kontakpersoon: Mbali Tshabalala

EIMS Verwysingsnommer: 1764
